

End of Life Announcement for RoboteQ GIM2660

RoboteQ announces the end-of-life dates for the **GIM2660** controller. This controller has entered obsolescence and is being replaced with the improved RoboG4 **GIMG2660T** controller.

The replacement RoboG4 product retains the same dimensions and power specifications as its predecessor but boasts a more powerful MCU and improved hardware, enabling new features and capabilities.

RoboteQ customers that are using any of the affected controllers are encouraged to take the steps to transition to the use of the replacement RoboG4 models in their systems by the dates defined in Table 2. This impacts only new orders placed after October 31, 2024, existing orders will be processed as ordered.

Table 1: Affected Controller Models and Replacements

Affected Controller Model	Replacement Controller Model
GIM2660*	GIMG2660T Currently available
GIM2660E*	GIMG2660TE Currently available
