

End-of-Life Announcement for Nidec Automation AGV Motors and Kits

Nidec Automation announces the end-of-life for the AGV Motors and Kits, model numbers listed below. This product has entered obsolescence, and no further production will occur. This change is part of a commitment to continuous improvement and delivering the best possible products to customers.

Customers currently using any of the affected product variants are encouraged to take appropriate steps to secure remaining inventory by the deadlines outlined in Table 2. A replacement solution is in development, utilizing our new Green Band™ motors, launching in early 2027.

Support for these products will be available for 12 months following the last ship date. After this period, the products will no longer receive technical support, software updates, or maintenance releases.

Table 1: Affected Product (all variants of product listed below are included in end-of-life)
